FOREWORD

Educational statistics are crucial in policy formulation, planning, implementation and monitoring of the education system. Realizing the importance of education statistics, the Education Management Information System (EMIS) Cell of Elementary & Secondary Education (E&SE) Department, Government of Khyber Pakhtunkhwa is preparing and publishing the statistical reports of government schools on annual basis. The Annual Statistical Report 2015-16 comprises educational data pertaining to all level of Government Schools ranging from primary to higher secondary level. This publication is the 25th Annual Statistical Report of Government Schools in the province. Besides this, the EMIS cell has also published 04 Statistical Reports of Private Schools and one Statistical Report of Deeni Madaris in the province.

The Annual Statistical Report 2015-16 is the outcome of Annual Schools Census (ASC) which was conducted in October - November 2015. The data is based on the reference date of 31st October 2015. Two separate Questionnaires (i.e. One for Government Primary Schools in Urdu and second for Government Secondary Schools in English) were designed, covering all the core indicators and the data demands of the stake holders. Through field formation i.e. district EMIS offices questionnaire were distributed and recollected for onward submission to provincial EMIS database.

Like previous year, this year the data entry and reporting of ASC 2015-16 was held through a web based application ESDSS (Educational Spatial Decision Support System). The ESDSS besides having both online and offline data entry utilities have robust validation checks, online approval of data at various levels and reporting from the districts. All the ASC time series data is now available through ESDSS for general public on the E&SE department website (www.kpese.gov.pk).

The report is divided into four parts. Part-I of the report consists of executive summary, Part-II comprises provincial statistics ranging from number of schools, enrollment, teachers and analysis, Part-III covers district-wise statistics and Part-IV consists of the questionnaires used during the census.

The report consists of all commonly used educational indicators, data analysis and reports according to the needs of data users. Analysis of data has been made so as to make it user-friendly and helpful for the planners, researchers, students and academicians. In addition, customized reports can be generated with reference to various aspects of educational institutions.

This report is the outcome of hard work of provincial EMIS team members and all the officers and officials working in the District Education Offices including Assistant Programmers, Computer Operators of district EMIS cells.

Views and comments of all the stakeholders, including educationists and researchers will provide fruitful guidance to the department for improving the ASC reports in the coming years.

(Dr. Shahzad Khan Bangash)

Secretary to Government of Khyber Pakhtunkhwa
Elementary & Secondary Education Department.
