EMIS

Education Management Information System

Elementary & Secondary Education Department
Government of Khyber Pakhtunkhwa

FOREWORD

Education Statistics play a vital role in policy formulation, planning, implementation and monitoring of the education system. Realizing the importance of education statistics, the Education Management Information System (EMIS) Cell of Elementary & Secondary Education Department, Government of Khyber Pakhtunkhwa was established in the year 1990-91 in the Directorate of Primary Education. Since then, it has been publishing the Annual Statistical Reports. The Annual Statistical Report 2009-10 of Government Schools comprises educational data pertaining to all level of Government Schools ranging from Primary to Higher Secondary Level. In 2002 after the merger of Directorates of Primary and Secondary Educations, the EMIS was expanded to cover Middle, High and Higher Secondary Schools placed under the control of Directorate of Schools & Literacy (Now Directorate of Elementary & Secondary Education). Till date the data from Primary level to Higher Secondary School level is available under single umbrella of EMIS. Keeping in view the importance of EMIS Cell, it was restructured on 01/07/2006 and placed under the direct control of Secretary Elementary & Secondary Education Department.

The Education Management Information System (EMIS) of the Elementary & Secondary Education Department is responsible for conducting census of all Govt. schools including Primary, Middle, High and Higher Secondary Schools in the Province. The EMIS in collaboration with ESDP-GTZ also conducted census of all Private Schools from Primary to Higher Secondary / Inter College level irrespective of their registration, affiliation and recognition status in 2004-05 and now in 2009-10 again. The EMIS also with the technical and financial support of ESDP-GTZ and in collaboration with Provincial Management Unit (PMU) of Madrassa Reforms Project conducted Deeni Madaris Census in 2005-06 in the province irrespective of their registration, affiliation and recognition status. The data of all these institutions/madaris have been integrated into the EMIS database.

This year the questionnaires regarding Annual School Census (ASC) of Government Schools were redesigned for Government Primary, Middle and Secondary Schools covering all the core indicators and the data demands of the stake holders. Keeping in view the 31st October as Census day, four regional briefing/training workshops of District Education Managers and District EMIS staff were arranged in November 2009 with the financial support of USAID funded Pre-STEP Program. The briefing sessions were conducted by the Provincial Team. In the briefing the questionnaires were distributed and explained along-with Timing Schedule and Roles and Responsibilities at various levels during the ASC 2009-10. Software was developed at Provincial EMIS and the district EMIS Assistant Programmers and Computer Operators were trained on the software in November 2009. The filled-in questionnaires from the schools were collected in the respective district EMIS Cells. Afterwards, data were corrected and entered at district level. The soft data received in the Provincial EMIS Cell was checked, scrutinized and compared with the previous year data for correction/removing any typing mistakes/data entry errors before printing of the draft report.

The report covers the following aspects of Government schools in the Province.

- Number of Schools
- List of Schools by type and level
- Enrolment
- Number of teachers
- Basic facilities in Schools
- Number of PTCs
- Additional Class-rooms required
- Enrolment ratios
- Information of Schools w/r to medium of instruction
- Major/Minor repair in the Government Schools
- Participation, Promotion, Repetition and Dropout rates

- Student teacher ratio
- Analysis of data
- Visual Analysis of different education indicators
- District-wise 3 years comparison of number of schools, students, teachers etc.

EMIS analyzes data and generates reports according to the need of data users. In addition, demand based reports are produced on the following aspects of Government schools in the Province.

- District School Profiles
- Constituency-wise Schools
- Union Council-wise Schools
- Circle-wise Government Primary schools
- Establishment of new Government Schools
- Construction of additional classrooms in the Government Schools
- Reconstruction of classrooms in the Government Schools
- Schools by Ownership of Building
- Information regarding Sanctioned and Working Teaching Staff in the Government Schools
- Information regarding Government School Teachers by their Academic/Professional qualification
- Number of working teachers by Designation and BPS.

This report is the outcome of hard work of Provincial EMIS team members and all the officers and officials working in the District Education Offices including Assistant Programmers, Computer Operators of District EMIS Cells despite the worst law and order situation in the province. Last but not least for the technical support of ESDP-GTZ for preparation and generation of this draft report.

Your valuable comments and suggestions will help us to improve the report further from the current academic year.

(MUHAMMAD ARIFEEN)

Secretary to Government of Khyber Pakhtunkhwa
Elementary & Secondary Education Department.
