FOREWORD

Education Statistics are crucial in policy formulation, planning, implementation and monitoring of the education system. Realizing the importance of education statistics, the Education Management Information System (EMIS) Cell of Elementary & Secondary Education (E&SE) Department, Government of Khyber Pakhtunkhwa is publishing Statistical Reports of Government Schools on annual basis. The Annual Statistical Report 2011-12 of Government Schools comprises educational data pertaining to all level of Government Schools ranging from Primary to Higher Secondary Level.

EMIS Cell has been conducting census of Private Schools from time to time. In 2009-10, the EMIS Cell, in collaboration with ESD-GIZ, conducted census of all Private Schools from Primary to Higher Secondary / Inter College level irrespective of their registration, affiliation and recognition status. In 2005-06, census of Deeni Madaris in the province irrespective of their registration, affiliation and recognition status was also conducted with the technical and financial support of ESD-GIZ and in collaboration with Provincial Management Unit (PMU) of Madrassa Reforms Project. The data of all these institutions/madaris have been integrated into the EMIS database.

This report is the 21st Annual Statistical Report of Government Schools in the province. Besides it the EMIS has also published 03 Statistical Reports of Private Schools and one Statistical Report of Deeni Madaris.

This year the questionnaires regarding Annual School Census (ASC) of Government Schools were redesigned; covering all the core indicators and the data demands of the stake holders. The questionnaires were printed and distributed to all the schools through District EMIS Cells. 31st October 2011 was taken as a census day. The filled-in questionnaires from the schools were collected in the respective district EMIS Cells. Afterwards, data were corrected and entered at district level. The soft data received in the Provincial EMIS Cell was checked, scrutinized and compared with the previous year data for correction/removing any typing mistakes/data entry errors before printing of the draft report.

The report is divided into four parts. Part-I of the report consists of Executive Summary, Part-II is mainly of Provincial Statistics ranging from number of schools, enrollment, teachers and analysis, Part-III of the report covers District-wise Statistics while Part-IV consists of the Questionnaires used in the census.

EMIS analyzes data and generates reports according to the need of data users. In addition, demand based reports are produced with regard to various aspects of educational institutions. An effort has been made to carry out analysis of data so as to make it user-friendly and helpful for the researchers, students and academicians.

This report is the outcome of hardwork of Provincial EMIS team members and all the officers and officials working in the District Education Offices including Assistant Programmers, Computer Operators of District EMIS Cells. Last but not least for the technical support of ESD-GIZ for sponsoring the census.

Views and comments of all the stakeholders, including educationists and researchers are eagerly awaited.

April, 2012.
