Foreword

Accurate and timely data collection plays a pivotal role in shaping effective educational policies and programs. In today's rapidly evolving world, where informed decisions drive progress, the value of reliable data cannot be overstated. Education, being the foundation of national development, requires continuous assessment and evidence-based planning to meet the needs of learners and institutions alike.

Through regular and structured data collection efforts, we are better positioned to understand the realities on ground, identify areas of improvement, and allocate resources where needed. Such efforts not only reflect our commitment to transparency and accountability but also strengthen our resolve to deliver quality education for all.

This report is a testament to the dedication of our field teams, educational staff, and administrative units who work tirelessly to ensure the integrity and completeness of the data collected each year. Their efforts contribute significantly to our shared vision of an inclusive, equitable, and responsive education system.

We look forward to continued collaboration at all levels as we strive to build a brighter future through informed planning and purposeful action.

Muhammad Khalid

Secretary to Government of KhyberPakhtunkhwa,
Elementary & Secondary Education department

Preface

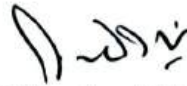

The development and successful implementation of the Integrated Education Management Information System (iEMIS) reflects our commitment to data-driven governance. The system's dedicated module, School Self Reporting (SSR), marks a significant shift from traditional methods of annual data collection towards a more efficient, decentralized, and school-centred approach.

The SSR module enables schools to enter and update their data directly through secure logins, ensuring real-time access, improved accuracy, and enhanced ownership at the grassroots level. This innovation has not only streamlined the data collection process but has also reduced costs and improved turnaround time, thereby facilitating faster and more responsive decision-making at all levels.

The Annual Schools Statistical Report 2024-25 is based on data collected through this SSR initiative. It offers valuable insights into various dimensions of the education system in Khyber Pakhtunkhwa, enrollment, participation, infrastructure, and transitions between educational levels. The report goes beyond numbers to identify trends, challenges, and opportunities that will inform future interventions and resource allocations.

We extend our sincere appreciation to the school heads, teachers, district education staff, and the Directorate of E&SE for their dedication in ensuring the accuracy and completeness of the data. Special thanks are also due to the Provincial EMIS team for their technical leadership and unwavering commitment to strengthening education governance through technology.

We invite feedback and suggestions from all stakeholders, educationists, planners, researchers, and development partners, so that we may continue to improve the quality and usefulness of future reports.

Mian Saad Uddin
Education Advisor

Elementary & Secondary Education Department,
Government of Khyber Pakhtunkhwa

Executive Summary

Educational Overview of Elementary & Secondary Education of Khyber Pakhtunkhwa

The ASSR 2024-25 provides a comprehensive analysis of the educational landscape in Khyber Pakhtunkhwa, detailing the number of educational institutions, human resources, student enrollment, and key findings regarding the current state of education in the region. The data highlights significant disparities in access, infrastructure, and gender representation, underscoring the urgent need for targeted interventions to improve educational outcomes.

Educational Institutions

- Khyber Pakhtunkhwa has a total of **58,599 educational institutions** providing school-level education, which includes:
 - **34,784 Government Schools** (59% Boys & 41% Girls)
 - **11,542 Private Schools** registered with PSRA (8% Boys, 2% Girls, and 90% Co-Education)
 - **12,989 Deeni Madrasas**
 - **4,852 Other Schools** like GCS, NSI, ALP Centers, etc.
- Out of **34,784 Government Schools**, **34,157** are functional, while **627** remain non-functional due to various reasons.
- Among the educational institutions, Government Schools hold the largest share, approximately **60%**, followed by private sector institutions at around **20%**, and Deeni Madrasas, which account for approximately **13%**.
- The distribution of Government Schools across different educational levels resembles a pyramid structure. Primary schools constitute about **80%** of the total, but this share decreases significantly to around **20%** at the secondary level.
- Additionally, several Government Schools face infrastructure challenges. More than **11%** lack electricity, **4%** do not have a boundary wall, **2%** are without access to drinking water, and **4%** lack proper toilet facilities.
- A total of **19,224 classrooms** in government schools require reconstruction, while **17,743** need major repairs, highlighting the urgent need for infrastructure improvement to ensure a safe and conducive learning environment.

Human Resources (Teaching Staff)

- The total number of teachers in Khyber Pakhtunkhwa is **368,378**, distributed as follows:

- **184,996** teachers in Government Schools (63% Male & 37% Female)
 - **133,023** teachers in Private Schools (47% Male & 53% Female)
 - **85,215** teachers in Deeni Madrasas (91% Male & 9% Female)
 - **7,677** teachers in Other Schools (22% Male & 78% Female)
- Government schools have a total of **293,171** sanctioned positions, and **240,769** teaching and non-teaching staff are currently working, with primary teachers making up **60%** of the workforce.

Students Enrollment

- The total student enrollment across all types of schools in Khyber Pakhtunkhwa is **9,587,140** with the following breakdown:
 - **5,939,685** students in Government Schools (56% Boys & 44% Girls)
 - **2,833,592** students in Private Schools (67% Boys & 33% Girls)
 - **4,82781** students in Deeni Madrasas (33% Boys & 67% Girls)
 - **331,082** students in Other Schools (41% Boys & 59% Girls)
- Out of the total number of students enrolled in Government Schools, **20.40%** are enrolled in Pre-Primary (Nursery & Prep), **49.36%** in Primary stage (Grade 1 to 5), **19.20%** in Middle stage (Grade 6 to 8), **8.58%** in High stage (Grade 9 & 10), and **2.47%** in Higher Secondary stage (Grade 11 & 12).

Analysis / Findings

- The average number of students per Primary School is **151**, while it is **248** for Secondary level schools.
- The student-to-Teacher Ratio of **1:41** at the primary level and **1:28** at the secondary level highlights overcrowding in primary schools and a need for more teachers to maintain quality education.
- Distribution of Government Primary Schools by number of Classrooms:
 - **10,257** Primary Schools have 2 or fewer Classrooms
 - **11,207** Primary Schools have 3 to 5 Classrooms
 - **5,350** Primary Schools have 6 or more Classrooms
- Distribution of Government Primary Schools by number of Working Teachers:
 - **11,315** Primary Schools have 2 or fewer working teachers
 - **10,351** Primary Schools have 3 to 5 working teachers
 - **5,148** Primary Schools have 6 or more working teachers

- The transition rate from Primary to Middle level is **75.47%** (77.04% for boys, 73.21% for girls), indicating the bridging gap between the two levels of education in Government Schools.
- **32%** of the total girls enrolled in Government Schools at the primary level are studying in Boys schools, while **7.5%** of the total boys enrolled in Government Schools at the primary level are studying in Girls schools.
- Overall Participation Rate (GER) at Primary level is **94.12%** (103.51% Boys & 84.11% Girls), which reduces to **78.61%** (87.48% Boys & 69.16% Girls) when it comes to NER. This indicates that **16%** of the students enrolled at Primary level are either underage or overage.
- Co-efficient of Internal Efficiency using Reconstructed Cohort Model of Government Primary Schools is **82.00%**, which is due to the reasons that on primary graduation, on average, the number of years invested is **7.33** and the overall Survival rate is **64.00%**.
- **0.96 GPI** (Gender Parity Index) at the primary level and **0.72 GPI** at the secondary level while at Primary level it is closed to its ideal status.
